

Protecting our shared environment

Protecting our shared environment is of fundamental importance to all of us at DLF. We recognise the positive impact we can make in protecting and adding to the environmental richness including the natural resources (water, air, energy and raw materials) and bio-diversity of the ecosystem we operate in. We believe this not only makes sound commercial sense for business sustainability, it is also a matter of delivering towards future generations for sustainability.

To support this goal, our policy is to:

- Comply with or exceed the requirements and spirit of applicable environmental legislation and regulations
- Optimize the use of natural resources in order to reduce pollution, minimize wastage and maximise reutilisation/ recycling
- Enrich the bio-diversity of the nature surrounding our areas of business.

We will strive to achieve this by:

- Aligning organizational processes, establishing quantifiable targets, as appropriate, reviewing programs and processes for continuous compliance and improvements.
- Continually improving the environment sustainability performance of our end-products (such as using energy efficient lighting and HVAC systems, using feasible renewable energy sources, treatment and recycling of wastewater, harvesting rainwater)
- As far as possible, purchasing products and services that minimise the damage on the environment on a lifecycle basis, encouraging the use of energy efficient raw materials containing recycled materials, minimising the generation of solid wastes, recycling the reusable wastes and disposing the excess waste through environmentally safe manner
- Enriching the biodiversity by maximising the green landscape in our real estate projects and encourage tree plantation

- Engaging our employees, suppliers and vendors to reduce risks from environmental, health or safety hazards for themselves and others in the vicinity of our operations. Training employees, associates and other stakeholders to promote environmental awareness and encouraging them to work in an environmentally responsible manner
- Communicating the environmental commitment and performance of the organization to our clients, customers and the public to raise awareness and encourage

To support this goal, our policy is to: Periodically update the Environmental Policy based on review and feedback.
